

CMPS

Center for Modern Psychoanalytic Studies

A Symposium

Transformation of Trauma in Art

The art of Lilli Gettinger (1920-1999) addresses the experience of personal and collective trauma. The discovery and release of imagery, memory, and feeling inherent in Gettinger's rigorous artistic practice parallels the psychoanalytic process of cure. Symposium panelists will explore the intimate connection between the creative and therapeutic processes.

*Dream Play, 24" x 18" by Lilli Gettinger
from the Dream Voyage series (1971-75)*

Friday, April 17, 2015 · 7:30-9:30 PM

CMPS, 16 West 10th Street, New York, NY · 212-260-7050 · www.cmps.edu

PANEL PRESENTERS

Patricia Llosa, MFA, a Jungian analyst with a background in archaeology and the visual arts, was an administrator and educator at the Metropolitan Museum for 20 years and is the curator of *Psyche, Symbol, Trauma: The Art of Lilli Gettinger (1920-1999)*.

Karl Hochschwender, PhD, a native of Germany and husband of artist Lilli Gettinger, earned his doctorate in political science at Yale.

Allison Faye grew up in Germany and studied art at the Bezalel Academy in Jerusalem. She is currently completing a doctoral dissertation on aesthetics and the mind at Teachers College of Columbia University. A scholar of the work of German artist Christof Drexel (1886-1979), she will present a slide show of his work.*

Sophia Richman, PhD, ABPP, is a supervisor at NYU's Postdoctoral Program in Psychotherapy and Psychoanalysis, a training and supervising analyst at the Center for Psychotherapy and Psychoanalysis of NJ, and author of *Mended by the Muse: Creative Transformations of Trauma* (Routledge, 2014), among other works.

Steven Poser, PhD, CMPS and NYGSP faculty, is moderator.
