

PEP - Finding chapters from Freud's *Standard Edition*

Method One – Browsing

Because the *Standard Edition* has multiple chapter and sub-chapter titles, it can be frustrating to search by title. It may be easier to browse by volume number.

- On PEP homepage, choose Books tab
- Choose the second entry (Strachey) under Freud's Collected Works
- From the resulting list, choose the correct volume number

Example:

Freud, S. (1957). A special type of choice of object made by men. In J. Strachey (Ed. and Trans.), *The standard edition of the complete psychological works of Sigmund Freud* (Vol. 11, pp. 163-175). London, England: Hogarth Press. (Original work published 1910)

The screenshot shows the PEP website interface. At the top, there is a navigation bar with links for Customer Service, Help, FAQ, Report a Data Error, and About. A search bar is located on the right. The main header features the PEP logo and the text 'Psychoanalytic Electronic Publishing - A Psychoanalytic Library at Your Fingertips'. Below the header, there are navigation tabs for Logout, Home, Contents, and Document. A secondary navigation bar includes 'PEP', 'Journals', 'Books' (highlighted), 'Videos', 'Author', and 'Search'. The main content area is titled 'Browse Standard Edition' and displays 'Standard Edition of the Complete Works of Sigmund Freud'. A list of volumes is shown, with the entry for Volume XI (1910) highlighted in yellow. The list includes titles such as 'Pre-Psycho-Analytic Publications and Unpublished Drafts', 'Studies on Hysteria', 'Early Psycho-Analytic Publications', 'The Interpretation of Dreams (First Part)', 'The Interpretation of Dreams (Second Part) and On Dreams', 'The Psychopathology of Everyday Life', 'A Case of Hysteria, Three Essays on Sexuality and Other Works', 'Jokes and their Relation to the Unconscious', 'Jensen's "Gradiva" and Other Works', 'Two Case Histories ("Little Hans" and the "Rat Man")', 'Five Lectures on Psycho-Analysis, Leonardo da Vinci and Other Works', 'The Case of Schreber, Papers on Technique and Other Works', 'Totem and Taboo and Other Works', 'On the History of the Psycho-Analytic Movement, Papers on Metapsychology and Other Works', 'Introductory Lectures on Psycho-Analysis (Parts I and II)', 'Introductory Lectures on Psycho-Analysis (Part III)', 'An Infantile Neurosis and Other Works', 'Beyond the Pleasure Principle, Group Psychology and Other Works', 'The Ego and the Id and Other Works', 'An Autobiographical Study, Inhibitions, Symptoms and Anxiety, The Question of Lay Analysis and Other Works', 'The Future of an Illusion, Civilization and its Discontents, and Other Works', 'New Introductory Lectures on Psycho-Analysis and Other Works', 'Moses and Monotheism, An Outline of Psycho-Analysis and Other Works', and 'Indexes and Bibliographies'.

Method Two (Freud's Standard Edition) – Searching

Instead of browsing by volume number, you can try searching for the chapter title.

- On PEP homepage, choose Search tab
- In Title field, enter a few words from the chapter title
- From Source dropdown menu, choose SE – Standard Edition
- Click Search button

Example:

Freud, S. (1957). A special type of choice of object made by men. In J. Strachey (Ed. and Trans.), *The standard edition of the complete psychological works of Sigmund Freud* (Vol. 11, pp. 163-175). London, England: Hogarth Press. (Original work published 1910)

The screenshot displays the PEP website's search interface. At the top, there is a navigation bar with links for Customer Service, Help, FAQ, Report a Data Error, and About. A Quick Search (New!) field is located on the right. The main header features the PEP logo and the text 'Psychoanalytic Electronic Publishing - A Psychoanalytic Library at Your Fingertips'. Below the header is a navigation menu with tabs for PEP, Journals, Books, Videos, Author, and Search (highlighted in yellow). The Search Results section shows a search for 'special type choice' with the following filters: Author (empty), Title (special type choice), Year (Anytime), Source (SE - Standard Edition), Language (All Languages), Type (All Types), Cited (At least 0 times in the past 5 years), Viewed (At least 0 times in the last week), and Sort (Author). The search results list one hit: '1. Freud, S. (1910). A Special Type of Choice of Object made by Men (Contributions to the Psychology of Love I). The Standard Edition of the Complete Psychological Works of Sigmund Freud, Volume XI (1910): Five Lectures on Psycho-Analysis, Leonardo da Vinci and Other Works, 163-176. [...]'. Below the search results is a 'Search Statistics by Field (Matching Documents)' section showing: special (in title): 311, type (in title): 87, choice (in title): 130, and (source): 351.
